

DOMINATOR Basketball System

A premium basketball backstop perfect for home and primary school use.

Includes many features similar to the professional units and comes complete with a 2 year warranty.

Features include:

- ◆ Variable height from 3050—2280 mm thanks to large actuator for effortless adjustment.
- ◆ 100 mm heavy duty square powder coated steel posts for rugged treatment and maximum stability.
- ◆ Specially formed arms for maximum strength.
- ◆ 600 mm clearance between post and backboard.
- ◆ 1200 x 800 mm transparent backboard attached to a steel frame for additional strength and safety.
- ◆ Backboard includes target square and lines so you can "play like the pros".
- ◆ Heavy duty outdoor spring loaded ring suited for institutional use.
- ◆ Simple direct burial installation.

Full size Backboard systems available on request. Safety padding kits also available as an option as required.
