

Essentials Basketball Goal

Institutional Goals

The standard institutional goal is designed to provide good performance and durability on Essentials range products.

Featuring a solid steel rim, the unit comes with no tie net hooks, and wing bracing for additional strength.

Architectural Specification:

The goal shall be constructed with a solid high strength steel rod, with official sized 450 mm ring and twelve continuous no-tie net attachments. Back plate shall be 5 mm thick and 165 x 180 mm with 4 bolt connection to structure. Brace shall be 11 mm diameter solid steel all welded construction.

Goal shall have a durable orange powder coated finish and come complete with nylon net and hardware.

Additional Information:

Suits Essentials series Basketball structures, indoors and out
