# HERCULAN MF RH

## CHALLENGED AND ROLLER SPORTS

Because of a hard, stiffening layer, the Herculan MF RH system is exclusively made for sports like roller hockey, in-line skating and wheelchair sports. The Herculan MF RH is also suitable for all other indoor sports.

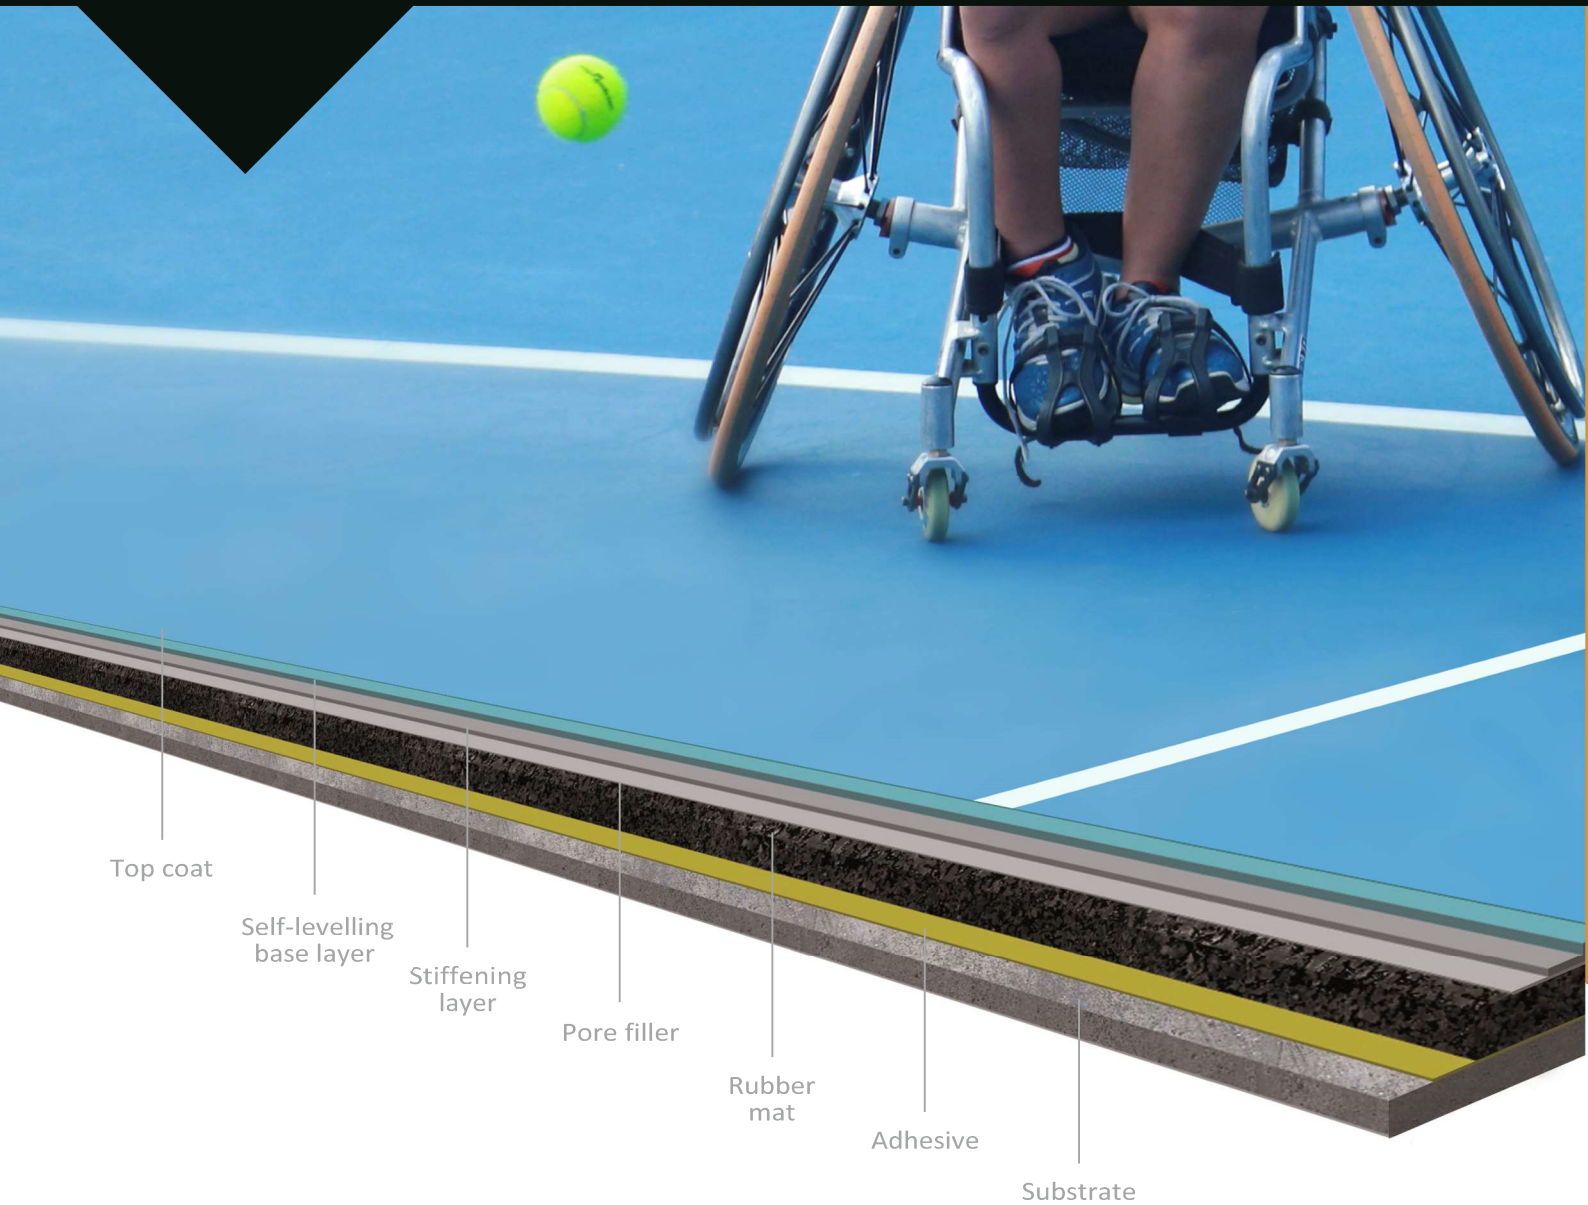

## MULTI FUNCTIONAL

Do you plan to host meetings, lectures, gatherings and so on as well as sporting activities? With the Herculan MF RH sports flooring system there is no need to compromise, and its multifunctional use is ideal for this kind of activities.

## MODERN COLOURS AND DESIGN

Your Herculan sports floor is not restricted to traditional colours. We offer a range of contemporary and modern colours in the design of your choice. There is also the option to use more than one colour, to give your sports floor a completely unique look.
