

## POWER GAME Outdoor Flooring

### OUTDOOR SURFACES

Ideal for all sports including basketball, netball, tennis and futsal, these prefabricated modular surfaces can easily be laid over a firm base and provide optimum sporting performance.

Fully approved by international federations for multiple sports, these surfaces are available in a wide range of colours, complete with 2 tone colour options for homes, schools and club facilities alike.

Leasing a building or land for only a few years or thinking you might move house one day, then when you move, lift up the tiles and relay and their new location.

**PowerGame** is not a new product, and has been installed around the world for over 30 years. It is approved for many sports at the top level, for example it is the only outdoor surface approved for international basketball and badminton, and used at the top level for futsal, volleyball and netball.

- Goes directly over any hard / paved areas
- Helps reduce joint stress and fatigue
- Elevated structure allows air to circulate
- Choose from a range of 20 colours
- 15 Years warranty
