

ULTRA Basketball System

Professional level height adjustable basketball backstop perfect for home and primary school use. Includes many features similar to the stadium units and comes complete with a 2 year warranty.

Features include:

- Direct mount of goal onto structure of the system, just like the units in large professional arenas.
- Institutional quality dual spring outdoor goal for long life and consistent rebound.
- Variable height from 3050—2280 mm thanks to large actuator handle for effortless adjustment
- Oversize 125 mm square powder coated steel posts for rugged treatment.
- 900 mm clearance post to board for safer play.
- Specially formed arms for maximum strength and durability.
- 1500 x 1000 mm armoured glass backboard attached to a steel frame for additional strength and safety.
- Clear view arena style backboard with hidden torsion braces.
- Backboard includes target square and lines so you can “play like the pros”.
- Simple bolt to ground installation and portability.
