

ESSENTIALS

GLASS BASKETBALL BACKBOARD

The Essentials Steel Framed Glass Basketball Backboard is a cost effective entry level glass backboard that can be fitted to many Sports Basketball systems.

This full sized 1800 x 1050mm backboard is designed to provide a superior product to wooden and fiberglass backboards. Consisting of 12mm tempered glass, fired-in target and border, and direct goal mount architecture providing the ultimate in rigidity, superior rebound and weather resistance.

The conversion steel frame allows flexible installation, featuring a heavy gauge steel mounting plate, is powder coated to prevent oxidation and can withstand up to 500kg of force providing vastly superior strength and weather resistance.

It is recommended that breakaway spring loaded goals are fitted to protect the life of your backboard and for player safety. (see related products below)

Backboard padding is also available.

Can be retrofitted to replace timber and fiberglass backboards on existing systems.
